# The Copeland Jewelry Store

Is going to give to the people of Palestine an opportunity of selecting from a stock of Diamonds, Watches, Jewelry, Silverware and Novelties, such as has never been shown in our city before. With the immense stock we are showing, we feel as though we can supply the wants of the people, but to make doubly sure we have arranged with one of the leading jewelry manufacturers, Leonard Knower Company of New Orleans, to have their representative with us, who will be in Palestine from Monday, Dec. 20th, until December 26th. The stocks combined will enable us to have on display \$100,000 in Jewelry. Think of it! A Hundred Thousand! Can it be possible there is anything in wants of jewelry that we cannot supply? We think not, and believe that when the holidays of 1909 have been made a matter of past history, our friends and patrons will feel fully convinced that our advertisement is true to the letter. Any and all articles to be engraved are handled by men who are skilled—being artists in their line. Below we are listing numerous PRESENTS, any one of which will make an appropriate gift.

### HAND BAGS

We have told you of our Jewelry, Cut Glass, China and Bric-a-Brac, but as yet have made no mention of our "HAND BAGS," which are beauties. A big line of these we are just in receipt of, and if it is a Bag you are contemplating giving for a gift, look ours over. We have these in solid silver, mesh, deposit and leather, and colors to suit all. "They are some pumpkins." Look them over.

### ANY HOME

Old Santa visits on Dec. 25th, after leaving our store, is certainly to be made a happy one, for we are here in 1909 Christmas with "The Goods." A cordial invitation to call has always been given our friends and patrons, but particularly so do we urge them to visit our quarters during the remaining days from now until Christmas, for we have gifts that give us as much pleasure to show as we hope may give you from seeing. So when our dear old friend Santa starts on his journey Dec. 24th, see to it that in his bag is a piece of jewelry from Copeland's.
